#### OUR MISSION:

Since the moment of establish, Henso are committed to offer one-stop solution for medical supplies, to reduce medical expense by supply reliable products with affordable cost. We are efforts for human's better life.

#### GOOD MANUFACTURING PRACTICES:

Our Manufacturing plant conforms to GMP, a WHO proprietary benchmark. This standard is evident in the physical ambience of our plant, the air and water quality, manufacturing technology, packaging and the sterilization process. Ambience: Special micro and HEPA filter at all air handling units ensure minimal contamination in all manufacturing areas. Micro organism and particle concentration levels are carefully monitored by the micro-biological lab to keep these levels within safe limits. Employees undergo periodic medical checkup to maintain high standards of health and hygiene. All clean rooms are provided with a three step change room and air showers at the entrance to ensure a dust-free environment.

#### PURSUIT ZERO DEFECT QUALITY:

Manufacture zero-defect products is our goal of quality. We have built a series online and manual quality control measures into each stage of raw material procurement, manufacturing and packing cycle. Our Quality Control standards conform to ISO 13485:2012 and European Medical Device Directive 93/42/EEC Annex V. We also registered with US FDA. As a result, our products have been authorized to lable prestigious CE mark.

#### PACKING AND STERILIZATION:

Our products are packed by most modern packaging machines, to ensure minimal risk of contamination or damage during transportation. We use Ethylene Oxide to sterilize the product, as per ISO 11135/EN 550 standards, each batch were release after strict inspection.
